

Refrain

C
I'm a bear, without hair.
G7
But my eye-brows are very long
G----- A G D
F C
I've a dimple in my belly
G7 C
And I hope you like this song

I like nuts and I like berries
I like green and I like blue
But of all the things in the world I love
My favouritest..... is you. I'm a bear...

When there's thunder and lightning
I sit indoors and do a puzzle
But when the rain stops, I run outside
And jump in a puddle. I'm a bear...

With my granny, we laugh
And paint, (sitting) on the floor
And my Grand-dad sort of smiled
When I painted his car door. I'm a bear...

Sometimes in the night-time
I wake from a bad dream
But my dreams in the day-time
They're more about ice-cream. I'm a bear...

There's a spider in the bath-tub.
She's swinging on the chain.
I think she wants to meet me
'cos she's calling out my name. I'm a bear...

I learn a lot with my uncle
When we go to the zoo
There's lions and zebras
And chocolate milk-shake too. I'm a bear...

There's a hole in my sock.
There's a hole in my shoe
There's a hole in my heart
When I have to leave you. I'm a bear...

A song stemming from my being un-hairy but with long eye-brows – like some much younger people.
